

Hello Year One & Year Two,

Well it seems the Sun is hiding for a few days but I'm sure it will return soon. I hope you've managed to do some of the home-learning this week – it's good to keep our brains working hard! Jasmine and Noah have been enjoying finishing off our Wildlife topic this week and we have written about hedgehogs, weasels and bumble bees. I found some underground piping and have used it to plant some more of my vegetables – it's good to recycle things isn't it – this will be your challenge this week! I loved seeing Freya's lego alien this week, Please keep sending the emails with photographs as myself, Mrs Oliver and Mrs Fawkes love to see them. ([fallow-deer@woodside.gloucs.sch.uk](mailto:fallow-deer@woodside.gloucs.sch.uk))

Mrs Fawkes, Mrs Olive, Mrs Hoare and I miss you lots and we are looking forward to when we are all able to be together again. Stay alert and stay safe!

From Mrs Jeavons

## Home learning for the week starting 6<sup>th</sup> July

Note for parents: if anyone is having difficulty printing anything off at home please contact the school office and we can help you with this. Also, if you no longer have access to Twinkl please email me and I will send you the download.

### English

**Reading:** My children love to read and last night when I went to check on Noah this is what I found!!

Aim to read every day! Read books or comics you have at home, even the tricky ones can be shared with someone at home. The links I have shared each week are still great so click away! [www.bbc.co.uk](http://www.bbc.co.uk) , [www.booktrust.org.uk](http://www.booktrust.org.uk) and don't forget CBeebies bedtime stories are great if you'd like to listen to a story. This week I would love you to write a book review – just a couple of sentences or a longer paragraph if you're able to about the book you've read and what you think about it. Ask Mummy or Daddy to take a photo and email it to me so I can share some of these next week!

**Spelling:** Continue to work on the common exception words for Year 1 & 2 and I have also included a little booklet you can print off for reinforcing these words.

[T-L-5089-Common-Exception-Words-Years-1-and-2-Word-Mat ver 3.pdf](#)

<https://content.twinkl.co.uk/resource/70/95/T-L-5614-Common-Exception-Words-Y1-Activity-Book-ver-1.pdf?token=exp=1593003308~acl=%2Fresource%2F70%2F95%2FT-L-5614-Common-Exception-Words-Y1-Activity-Book-ver-1.pdf%2A~hmac=8546756db97a7866ef28d2ba03776ccc10c73d8635da1dfac9d607d5d8e47906>

By this time of the year the children should be using these words in their writing so please encourage them to do this. These are the most useful words to learn but if you want to work on some phonics (sounds) use this site to do this too. Phonic games on [www.phonicsplay.co.uk](http://www.phonicsplay.co.uk) would be useful and fun. There are also plenty of things on YouTube. Pick a sound and you'll find a video!

Phonic focus for Year One: words containing ue/ew/ou/oo (different spellings of 'u' – Sue, blew, you, spoon)

Phonic focus for Year Two: words with ful/ness added to them

If you want to give your child spellings for the week just base your list around these focus sounds.

**Writing:** What have you been writing about?....Aiming to write a sentence a day would be great. Remind your child to include a finger spaces, capital letters and full stops. Year 2 children don't forget the other punctuation you have learned (comma's, exclamation marks, question marks and speech marks) and also those connecting words (because, but, then, also, so, and) There are so many opportunities to write – lists, stories, letters, notes, cards, emails, recounts, poems, instructions, captions and statements. [www.robinhoodmat.co.uk](http://www.robinhoodmat.co.uk) has lots of writing ideas to help you at home. I'd love to see some of these writing examples via email please!

## **Maths**

White Rose is the website we base all of our school Maths lessons on and this is very easy for you to use at home too. There are daily videos and follow up worksheets you can print off for your child in their specific year group. Click on the links below to find the videos and the worksheets.

*Year one's are learning about halves and quarters this week and Year two's will be learning about difference kinds of measures.*

### **Science:**

This week I'd like you look at food and the different groups of food there is. Can you sort food into the right groups – carbohydrates, protein, dairy, fruit and vegetables and fats? Can you design a unhealthy meal and a healthy meal using some paper plates and pictures or plastic food if you have a set at home. Could you help Mummy or Daddy prepare a healthy meal for your family?

### **Time to get creative!**

Can you fruit or vegetables to make prints? Can you be creative with your fruit and make pictures?

**CHALLENGE: Can you find something to recycle and use for a different purpose like my garden pots?**

Don't forget to send me photographs and emails using the

[fallow-deer@woodside.gloucs.sch.uk](mailto:fallow-deer@woodside.gloucs.sch.uk) address.

Happy Learning!
