

Dates for your info:

June 14th Indian Dance workshops for Fallow Deer, Woodpeckers and Red Squirrels

Weds 16th June Y6 Leaver individual photographs (Tempest)

It has been another lovely week at school!

Please get in touch if you have any queries and do not hesitate to make a phone appointment with your child's teacher if you want to discuss anything about your child.

Calling all budding brass players

Are you or your child interested in learning to play a brass instrument? If so, please give me a call or send me an email and then we can arrange to meet.

We provide instruments free of charge and group sessions at just £1.00. We can also arrange private tuition if required.

Playing a brass instrument is good fun and playing with others in a musical group is very rewarding.

Many thanks

Robert Morgan

Covid-19

Even though restrictions are starting to ease, please remember the following to keep everyone safe in school. Please practice social distancing, wear a face covering whilst on the school site, remain very vigilant for symptoms, do not send your child (or sibling) into school if they or any family member has any of the following symptoms and seek a PCR test:

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

Testing Protocol

Primary-aged pupils should only be tested if they have COVID symptoms, in which case their families should follow the 'Guidance for households with possible or confirmed coronavirus (COVID-19) infection' and book a PCR test for the child. Lateral Flow Tests (1/2 hour home tests) are for use with a person who does not have symptoms.
