

Dear Parents,

Little Dormice has now got a whole class email address which will be used by myself (Miss Haskett). This email will be to communicate about your child's development through visual aids and throughout their time in Little Dormice.

To do this I would like any photos of adventures that you may have gone on with your child and maybe what they said at the time, e.g. walks in the woods, bike rides, visit to Granny's.

WOW moments would be really nice to receive also, E.g. reading road signs, counting during baking time etc...

Everything that you send via the Little Dormice email will be shared with your child and their friends. This will allow them to explain and describe what they did with you.

I will not be checking this email everyday so please do not put any important information on an email, it is just information that could contribute to your child's Learning Journey.

Important information goes to the office or Home/School Contact Books.

'Parental engagement can be a powerful lever for raising achievement in schools and there is much research to show the value of schools and parents working together to support pupils' learning'. Ofsted

Thank you

Miss Haskett
