

In addition to the maths tasks we always give the children a reasoning activity (Twist It) and a problem solving (Solve It) each day. Please have a go if you have time.

Year 2 Monday

Twist It
What mistake might Kat have made?

If the minute hand is on 11 and the hour hand is nearly at 8, the time is 11 minutes to 8.

Solve It
If the time is 20 to 10 what number would the minute hand be on?

If the time is 10 past 4 what number would the minute hand be on?

Year 2 Tuesday

Twist It
Do you agree? Why?

If I add on 15 minutes onto 25 to 7, the time would be 10 to 7.

Solve It
Buses leave at 5 past and 10 past the hour.
 
If Sam catches a bus between 9 o'clock and quarter past 11 what 2 buses could he catch?

Year 2 Wednesday

Twist It
Do you agree? Explain.

2 hours and 55 minutes is equal to 165 minutes.

Solve It
Use < > or = to compare the times.

1 hour and 15 minutes 70 minutes.
90 minutes 1 hour and 30 minutes.
3 hours and 25 minutes 210 minutes.

Year 2 Thursday

Twist It
Do you agree? Explain.

A show starts at 10 past 3 and finished at ten to four. This means the event lasted 50 minutes.

Solve It
Will all activities be completed in 1 hour? Explain how you know.

Sport event	Duration
Recycling	5 minutes
Washing up	15 minutes
Tidying bedroom	30 minutes
Feeding the cat	5 minutes

Year 2 Friday

No Twists and Solves due to the Time Challenge.
