

Congratulations!

The Mary Anning posters were amazing! Thank you for sending me your work. It was really hard to choose the best ones as they were all really good. In the end we've chosen 4 to receive a small prize, but there were 2 others whose posters we really liked too. There should be prizes on their way to Lucy, Marcus, Carlos and Georgina. Highly commended were Indie for her use of colour and Georgio for his scientific use of rock layers. Fantastic!
