

<p>Key Stage 2, Years 3 and 4</p>	<p>Term and duration: Autumn 2022 Term 2</p>	<p>Teacher: Mrs Cotterell</p>
<p>English We will be using the book Winter's Child by Angela McAllister in our literacy lessons this term. We will revise our grammar work on conjunctions and use them to write simple, compound and complex sentences. We will learn how to punctuate direct speech. We will write diary entries and letters to persuade, revising and editing our work to improve it. We will listen to parts of the story before predicting what we think might happen next, using evidence from the text as a support. Our guided reading book will be Carries War.</p>	<p>Anglo Saxons and Vikings</p>	<p>History & Geography We will be finding out about the Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the Confessor .We will learn about Viking invaders and their raids. We will learn more about the Anglo Saxon kings , how they influenced Britain and fought against the Vikings. We will learn about the actions of King Ethelred II and the introduction of Danegeld before considering what life was like living in the Viking era. We will then revise Viking laws and justice and then discover more about the last Anglo-Saxon Kings.</p>
<p>Maths We will continue to work on addition and subtraction strategies, increasingly moving to written calculations and problem solving. Year 4 children will revise length and perimeter and how these are calculated. All children will move onto multiplication and division, beginning with a focus on 2,4,8 times tables before moving onto 3,6 and 9x tables. We will explore patterns and relationships between the different times tables. We will learn the links to division and develop a quicker recall of the key facts. We will use Times Tables Rockstars to help speed up our recall and My Maths to practise what we've learnt in class.</p>		<p>Religious Education We will be studying Hinduism . We will find out about different Hindu deities and consider how they help Hindus describe God. We will find out about ways in which Hindus worship, either at home or at a temple and learn about puja. We will learn more about the celebrations at Diwali.</p>
<p>Science We will link our work to our golden thread of diversity and consider the inventions and discoveries of scientists from a range of cultures and backgrounds. We will learn about seed dispersal , x-rays, fossils, the earth's core and mirrors. We will make links with our previous learning from last term and last year. We will go on short walks in our locality to try to spot signs of seasonal change and how seed dispersal is taking place.</p>	<p>Why? To enrich our understanding of British history To be able to place key periods of time in chronological order To understand how the British monarchy and laws are related to the Anglo Saxon era</p>	<p>Art and Design We will be sketching leaves in pencil and colour, focussing on details and shading. We will sketch leaves and pumpkins as part of an Autumn theme</p>
<p>Computing We will be learning about staying safe online using Purple Mash. We will consider ways in which we can help ourselves to be safe online and what we can do when we don't feel safe. We will explore age ratings and what they mean for the APPs we use. We will think about copyright and how that applies to us.</p>	<p>Foreign Language We will move onto the topic of 'Getting to Know you' and will learn how to say and write various greetings in French. We will improve our confidence with numbers up to 10 and use this to explain how old we are.</p>	<p>Design Technology We will be learning about bread making and the Warburton family before the children plan, design and make a new type of bread thinking about shapes, styles and flavours.</p>
	<p>PSHCE, British values and School Values We will be following the SCARF curriculum for PSHCE and will learn about valuing differences, such as different families, friendships, neighbours. We will revise how to listen to other people's opinions respectfully and how to offer our own ideas if they are different, we will consider name calling and how we can deal with bullying.</p>	<p>Physical Education Through our PE lessons we will learn how to throw and catch a ball accurately. We will explore ways of moving to a space away from defenders. We will develop our own fitness levels and try to improve our stamina each week. We will learn ways to warm up and cool down safely.</p>
