

Key Vocabulary	
textiles	fabrics
stapling	joining materials with staples using a staple gun
gluing	joining materials using glue
taping	joining materials using tape
sewing or stitching	joining materials using thread and a needle to make stitches
fastening	a way of holding materials together
joining	a point at which two materials are joined
materials	fabric, cotton, felt are all examples of materials we can use to make things

Joins and fastenings hold things together and make them stronger!

You can use stiches, sticky tape, staples, glue, ties, Velcro, treasury tags and many other things to create joins and fastenings.
